

# MineSight® Professional Services

## GEOLOGIC MODELING

Assay Data Input and Management  
Geologic Interpretation  
Data Auditing and Cleanup  
Solids Modeling  
Model Building: Coding, Interpolation  
Resource Estimates

## GEOSTATISTICS

Variogram Analysis  
In-Fill Drilling Plans  
Resource Classification  
Advanced Estimation: MIK, CS, UC

## MINE DESIGN

Economic Open Pit Designs Using LG  
Pushbacks/Phases  
Stockpiles and Dumps  
Underground Development  
Stoping Plans  
Mineable Reserves

## MINE SCHEDULING

Long, Medium, Short Term  
Expansion Studies  
Haulage Profiles and Cycle Times  
Phase Sequencing and Sizing  
Sensitivity Analysis  
Cutoff Analysis

## OTHER

Pre-Feasibility/Feasibility Study Assistance  
Project Technical Reviews and Audits  
Workflow Auditing and Optimization  
Data Reformatting  
Project Setup  
Digitizing  
Training  
Plotting
